

November Newsletter

Warm Apple Crisp!

November's theme was "Let's Get Cooking" featuring easy to make recipes that anyone can do right from home!

Students at our elementary schools were able to sample a simple Apple Crisp made from Baked apples, cinnamon, and oats!

It was favorite at the schools, and students had the opportunity to take home a recipe to make at home!

November was a month to remember!

A LOT happened in November, there is so much to share! As the Director of Dining in the district, I am continually amazed at the work our Chartwells team does day after day to serve our students and staff, going above and beyond to ring Happy and Healthy to our cafeterias!

This past month we participated in the first EVER homecoming dance at SHS, fed over 700 teachers and administrators for Professional Development on Election Day, fed volunteers and staff at the vaccine clinic held at Staples on 11/13, and continued to cook and serve GREAT food day in and day out!

We also celebrated Thanksgiving at SHS, BMS, and CMS! Principal Thomas joined in the fun also, coming to the café to help serve a few waves, and to have some fun with students and staff!

Thanks Stafford!

International Flare at SHS!

Chef Angela made an AMAZING Chicken Vindaloo in November as a part of our CHAAT house featured menu!

Students raved over the delicious fare, and it was WELL reviewed on Staples Radio that day! Great job Angela!!

November was Native American heritage Month
To feature, Chef Jill made a salad called “Three Sister’s Salad” a traditional Thanksgiving day side!

Discovery KITCHEN

This month-we celebrated **Let's get Cooking** featuring recipes that can be made at home!

Students sampled a delicious quinoa salad, and tomato cucumber relish!!

Great things happening at KHS!

The team of Dawn and Leslie has been doing wonderful things at Kings Highway this year! From funny hats to a "Joke of the Day" they are bringing Happy and healthy to KHS! Here is Leslie having some fun on Pizza day!
